SUBJECT : Request for Rotational Assignment of CIA Officers

1. Action: Sign the attached letter to the Assistant Secretary for International Affairs, Department of Energy (DOE) recommending [REDACTED] for rotation to DOE.

25X1

2. Background: In your recent meeting with Mr. Henry Thomas, the Assistant Secretary for International Affairs, he requested the rotational assignment of CIA officers to staff his Office of Intelligence. As a result of that meeting, I was tasked with identifying DOE's requirements and appropriate candidates to fill these needs. This was done during a series of conversations with Mr. George Bradley, Mr. Thomas' Deputy at DOE. As a result of these discussions, I have agreed to nominate a candidate to be the Director of the Office of Intelligence in the Office of International Affairs.

The nominee I have in mind is [REDACTED] the former chief of the energy effort in the Office of Economic Research. This nomination has been discussed informally with Mr. Thomas. The duties [REDACTED] will perform for DOE will include:

25X1

25X1

- Supervision of a small intelligence staff
- Preparation of the Secretary of Energy's Daily Highlights and briefings
- Articulation of DOE requirements to the Intelligence Community

For your information it is my understanding that DOE has also discussed the possibility of NSA providing two junior analysts on rotational assignment to the intelligence effort. [REDACTED] Chief of G Group at NSA is handling that request. I have informed him of our decision on Ron; we will coordinate with Milt on his response to DOE's request.
